Looks like I need the all shipments of waste from 2010. Could you provide that?

Kind regards

Adam:

The documents you sent are not a summary of the company exports for calendar year 2010. The AOC letter(s) is only the consent to export a maximum amount of a specific type of waste, whereas the annual report is a summary of all the export activity by the company from all valid AOC letters that were used in that calendar year.
